

R/w Connection

A SINGER INDUSTRIAL COMPANY

ABOUT RW CONNECTION

At RW Connection, we go beyond being a leading distributor of industrial and hydraulic hoses, conveyor belts, gaskets and industrial MRO supplies. We are a dedicated team of problem solvers, focused on delivering customized solutions to meet your unique industrial needs.

Supported by products from the industry's premier manufacturers, our dedication to quality, exceptional service, and value is at the core of everything we do.

OUR LOCATIONS

936 Links Ave,
Landisville, PA,
P. (800) 355-7974

30 Aberdeen Rd,
Emigsville, PA,
P. (717) 767-3660

616 Nolan Ave,
Morrisville, PA
P. (215) 295-6675

899c Airport Park Rd,
Glen Burnie, MD
P. (410) 553-0300

403a Heron Dr,
Swedesboro, NJ
P. (800) 310-1324

746 Shiloh Pike,
Bridgeton, NJ
P. (800) 310-1324

Who We Are

As a strategic partner with the industry's leading manufacturers, RW Connection provides one of the most extensive inventories of industrial rubber products in the Mid-Atlantic region.

With eight, full stocking and fabricating locations, we serve a diverse range of industries, including agriculture, construction, aggregate and mining, food and beverage, chemical, pharmaceutical, marine, energy, industrial cleaning, rental, and OE equipment manufacturing.

Our goal is to not just deliver high quality products but to offer a full array of services to complement them. We have in-house fabrication capabilities to support our hose, conveyor belt and gasket product lines. Services include custom hose fabrication, hydrostatic testing and tracking, in-house die-cut gaskets and field installation and vulcanization for our conveyor belting to name just a few.

At RW Connection, we're here to keep your business running smoothly. Contact us today to discover how we can support your needs.

Industrial Hose

RW Connection represents world class manufacturers in the industry and meets and exceeds NAHAD established guidelines for our fabrication. Our state-of-the-art facilities and experienced staff ensure consistent, safe, quality assemblies.

Industrial hose assemblies include: Air & Multipurpose, Water, Steam, Chemical, Food, Pharmaceutical, Material Handling, Petroleum, Sandblast, Marine, Welding, Composite, Dock, Water Suction & Discharge, Fire & Mill Hose, and more.

Industrial Couplings & Accessories

Industrial hose ends and adapters are just as critical to product performance as the hose; this is why RW Connection partners with the industry's best manufacturers of industrial couplings and accessories.

Industrial Couplings & accessories including: Cam & Groove, Bauer, Sanitary Fittings, Combination Nipples, Basket Strainers, Hammer Unions, Dry Breaks, Clamps, Bands, Crimp Collars, Hose Guards, Fire Hose Adapters, Sandblast Fittings, Wash-down Nozzles, and more.

Expansion Joints

Engineered expansion joints to handle a broad range of medians and expansion and vibration applications. Configurations are available in multiple lobes and materials including Rubber, PTFE, and Metal.

Metal Hose

Metal hoses can be fabricated to meet your specific needs with almost any end configuration. Welded in-house by our ASME section 9 certified welders, all hose assemblies are 100% tested for leaks or defects. Available from 1/4" to 12" in various alloys including T321, T316L and T304L. Various pressure ranges available with un-braided, single, and double braid configurations.

Gasket & Sealing Products

Gasket products are produced on high capacity cutting and fabrication equipment by trained industry experts. These include: roll sheet goods, custom gaskets, metallic spiral wound gaskets, sponge products, rubber stripping, PTFE tape and sealing products, cements & adhesives, joint sealants, anti vibration pads, matting, fabrics, ropes and tapes.

Gasket materials include: Compressed Sheet, Teflon®, Red Rubber, Neoprene, Pure Gum, SBR, EPDM, Buna NButyl, Hypalon, Urethane, White Nitrile, Spiral, Metal Wound, Graphite, Fiberglass, UHMW, Cloth Inserted, Cork, Sponge (open and closed), Vegetable Fiber, Viton, Silicone, PVC.

Hydraulic Hose & Couplings

We supply hydraulic hose in bulk, over-the-counter assemblies, and OEM kitting; from ultra-high to low pressure applications all from industry leading manufacturers.

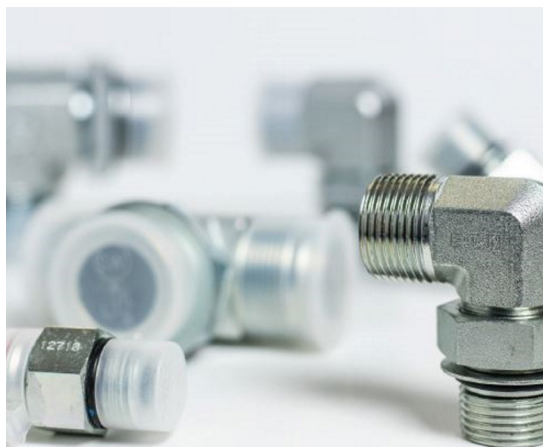

Coupling configurations including: JIC, SAE, Metric, Standpipe, NPTF, NPSM, O-Ring Face Seal, O-Ring Boss, Code 61, Code 62, Caterpillar, Komatsu, BSPP, BSPT, BSP, Din Heavy, Din Light, JIS, and more.

Hydraulic Adapters & Accessories

Hydraulic adapters are available in Steel, Stainless, Monel, and Brass. Configurations include JIC, O-Ring Face, SAE, NPT, BSPP, BSPT, DIN and other International thread connections. Tube compression adapters in various configurations and materials including Steel, Stainless, and Brass.

Hydraulic and Pneumatic Quick Disconnect Couplers, available in steel, brass, and stainless steel. ISO 16028 Flush Face, ISO A, ISO B, Ag Style, Wing Style, Hydraulic Jack/Enerpac, and Connect Under Pressure & Sleeve Lock style. Accessories include tube clamps, hose guards, hydraulic valves, dust caps & plugs, crimpers, cutting saws, and storage bins.

Conveyor Belt

Heavyweight and lightweight conveyor belt products from leading manufacturers that are built to meet your specific application needs. Specifications include: one, two, three and four ply belts, hot asphalt, 400°, 700°, 1000° hot belt, cleated incline, corrugated sidewall, elevator, and OEM replacements for your mobile equipment.

Lightweight applications for bulk handling, package handling, cleated incline, rough-top, diamond-top, table-top chain, folder gluer box belting, feeder belts, heat sealing, vacuum belts, super endless, and round urethane. LW construction includes food grade, polyurethane, polyester, nitrile, PVC, Teflon®, monofilament, plastic modular, RMV, high release, and antimicrobial.

Belt Services

We have the crews and equipment to string, install, vulcanize or fasten and wind up virtually any belt, large or small.

Whether aggregate, foundry, pulp and paper, power generation, recycling or portable equipment, our team can handle the job.

On-site vulcanization to 85" wide, detailed belt surveys, visual belt inspections with recommendations, splice preparation, wind-up services, chute lining and skirt board, scraper installation, pulley lagging and repair, ultrasonic gauge cover wear analysis, elevator bucket belt punching and installation, cleating, V-guide, portable equipment service.

Conveyor Accessories

RW Connection is your leader in stocking conveyor accessories including idlers, pulleys, rollers, scrapers, skirtboard rubber, chute lining, pulley lagging, belt fasteners, skivers, lacers, punches, cements, and repair kits.

OnGuard Hose & Asset Management

Reduce the risk of hose failures through routine hose inspections, testing, certification, and an online asset management program. Our OnGuard™ hose management services include pre-testing safety inspections and reports, testing, tagging and easy reorder of failed assets. This traceability gives you proactive, cradle-to-grave asset management capabilities.

Our hose assembly and testing processes fully comply with the NAHAD's Hose Safety Institute guidelines for hose fabrication. Our fabricators and sales personnel are trained and compliant to these standards.
